

EDINBURGH 2016
KNOWLEDGE INTO SOLUTIONS

**XIV Symposium of Mexican
Students and Studies**
June 16th - 18th
Scotland

THE UNIVERSITY of EDINBURGH
College of Humanities
& Social Science

CONACYT

OUR SPONSORS

EDINBURGH 2016
KNOWLEDGE INTO SOLUTIONS

This map of Edinburgh, Scotland, illustrates the city's layout with streets, landmarks, and numbered locations. The map is color-coded with green for parks and grey for urban areas. Key features include:

- Streets:** Major roads like George Street, Princes Street, and the Royal Mile (High Street) are clearly marked. Other streets include Market Street, Cockburn Street, and the Royal Mile.
- Landmarks:** Notable locations such as Edinburgh Castle, the National Gallery, the National Museum of Scotland, and the Scott Monument are indicated.
- Numbered Locations:** A dashed blue circle highlights a specific area in the center-right, containing numbered locations 31 through 39. Other numbered locations are scattered throughout the city, including 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 32, 33, 34, 35, 36, 37, 38, and 39.
- Parks and Green Spaces:** Areas like Princes Street Gardens, the Meadows, and the Meadows are shown in green.

10:30 - 10:50	4 Luis Montano	4 Abril Herrera		4 Carlos Arellano		4 Hervin Fernandez Aceves		4 Andrea Gonzalez	
10:50 - 11:10	5 Yair A. Gutierrez Fosado	5 Pedro Noe Paredes Victoria				5 Grissel Astrid del Angel Carballo			

Saturday 18th, June (11:30 to 13:00)

Session 1		Session 2		Session 3		Session 4		Session 5	
Room	G.01 50 George Square	G.02 50 George Square		G.05 50 George Square		G.06 50 George Square		2.03 50 George Square	
Time	Neuroscience	Physics		Law		Humanities		Biology	
11:30 - 11:50	1 Citlali Helénes Gonzalez	1 Ricardo Chavez Murillo		1 Maria Berenice Martinez Aguilera		1 Claudia Linan Segura		1 Priscilla Carrillo Barragan	
11:50 - 12:10	2 Karla L Roble Lopez	2 Teresita Suarez Noguez		2 Mara Torres Pinedo		2 Juan Carlos Garcia Cruz		2 Uriel Urquiza	
12:10 - 12:30	3 Lucia Magis-Weinberg	3 Jaime Salcido		3 David Perez Esparza		3 Jonathan Escobar Farfan		3 Carolina Soto Palma	
12:30 - 12:50		4 Andres Luna Godoy		4 Ana Paula Rumualdo		4 Xenia Anaid Rueda Romero		4 Roman Ulises Zaplen Campos	

Thursday 16th June

11:30 - 13:30

Registration
Playfair Library (Old College)

13:30 - 14:00

Opening Ceromony

14:00 - 15:00

Mexican Embassy Keynote (Old College)
Introduction to "Knowledge into Solutions", how Mexico is benefited from students in the UK, relevance for Mexico.

David Najera Rivas

Deputy Chief of Mission at the Embassy of Mexico in the United Kingdom

A career diplomat and member of the Mexican Foreign Service since 1990. Currently holds the rank of Minister.

15:00 - 15:30

Break

15:30 - 17:30

Parallel Sessions
George Square Area

Session 1 (1.20 Dugald Stewart Building)

Time Biomedicine and Immunology

15:30-15:50	Carolina Ramos Rivera University College London	Developing a HIF mimicking material for chronic wound healing
15:50-16:10	Ricardo Corona Torres University of Birmingham	Prediction of principal functional domains of Mannheimia haemolytica neuraminidase NanH
16:10-16:30	Juan Carlos Jimenez Bristol University	Role of the AraC-type regulators of Klebsiella pneumoniae in multidrug-resistance.
16:30-16:50	Alejandra Sanchez University of Edinburgh	Characterization of the effects of Heligmosomoides polygyrus infection on gut associated lymphoid tissue microarchitecture.
16:50-17:10	Emmanuel Sandoval Garcia University of Edinburgh	Genome-wide association study of diabetic retinopathy in men and women with type 2 diabetes.
17:10-17:30	Adela Rabell University of Edinburgh	Acoustic measurements of small animal soft tissue at high ultrasound frequency.

Thursday 16th June

Session 2 (Seminar Room 5, Chrystal MacMillan Building)

Time	Engineering	
15:30-15:50	Fernanda Garcia Alba University College London	Integrated Urban Water Management (IUWM): Myths or reality in Mexico City.
15:50-16:10	Luis Antonio Panes Ruiz TU Dresden	Efficient ammonia sensors based on single walled carbon nanotubes
16:10-16:30	Emilio Lomelin University of Sheffield	Additive Manufacturing of Copper for Electrical Motors
16:30-16:50	Miguel Angel Nuñez University of Southampton	New Generation of Optical Fibers
16:50-17:10	Enrique Cuan Urquiza University of Southampton	Additively Manufactured Lattice Materials
17:10-17:30	Jorge Jaramillo University of Cambridge	What are the main dimensions to reform the Mexican Public Healthcare System as a Sectorial Innovation System?

Session 3 (Seminar Room 6, Chrystal MacMillan Building)

Time	Political Science and International Relations	
15:30-15:50	Rodrigo Hernandez University of Warwick	Are social media tools of democratisation in Authoritarian Regimes: A critical assessment of the evidence from the Arab Spring
15:50-16:10	Rodolfo Ivan García University of Glasgow	Cybersecurity in Mexico
16:10-16:30	Sofia Collignon Delmar University College London	Quantifying the Perception of Security in a Population
16:30-16:50	Jesus Manuel Niebla University of Edinburgh	Robotics and Copyright: The Role of Artificial Intelligence Towards the Generation of Automated Material.
16:50-17:10	Francisco Garcia Gonzalez Tecnológico de Monterrey	Energy and Anticorruption Agendas in Mexico: A Marriage of Convenience
17:10-17:30	Abel Villa University of Edinburgh	The Role of Regional Innovation Systems in the Creation of Technological Capabilities in the Agricultural Sector. The cases of Baja California Sur and Sonora

Session 4 (3.10 Peter Ladefoged Room, Dugald Stewart Building)

Time	Arts	
15:30-15:50	Romano Ponce Díaz Universidad de Guadalajara.	Videogames: the act of be and being there. A study of videogames as ergodic literature.
15:50-16:10	Rodrigo Lichtle Ventosa Universidad de las Américas Puebla	Self-publishing in Mexico
16:10-16:30	Tania Espinales Correa The University of Sheffield	The Return in Migrant's Literature
16:30-16:50	Guadalupe Elias University of St. Andrews	Mexican Women Writers 1900-1950
16:50-17:10	Maria Graciela Patron Universidad Michoacana de San Nicolás de Hidalgo.	History Preservation. Book Art in Mexico in the XXI century as a collective memory preservation device.
17:10-17:30	Sandra Velazquez-Alford University of Cambridge	Re-assessing Mexican Identity: Hernán Cortés and Malintzin in the Writings of Carlos Fuentes

Thursday 16th June

Session 5 (3.11 David Hume Room, Dugald Stewart Building)

Time Energy and Environment

15:30-15:50	Adolfo Mejia Montero University of Edinburgh	Tehuantepec Isthmus: Wind and people for an energy transition
15:50-16:10	Monica Rius Newcastle University	Direct Use of Geothermal Energy in Mexico
16:10-16:30	Oriana Landa University College London	Quantifying net environmental benefits of decentralised and centralised urban water reuse systems in two cities of Guanajuato, Mexico
16:30-16:50	Santiago Suarez University College London	Navigating in the Arctic: Implications for a marine Waste Heat Recovery System and the Environment
16:50-17:10	Eric Javier Siqueiros Newcastle University	Utilisation of waste heat and organic wastes for energy recovery in the Industry
17:10-17:30	Abel Arredondo University of Edinburgh	The leading edge vortex in sails.

17:30 - 18:00

Break

18:00 - 19:30

Science and Gender

Perspective of Mexican academics in the UK
(Lecture Theatre 183, Old College)

Prof Teresa Alonso Rasgado

Professor of Biomaterials

The University of Manchester

Professor Alonso Rasgado obtained her doctorate in Mechanical Engineering from UMIST in 1999. Following this she worked as a Research Associate and then Research Fellow in the Mechanical Engineering Department at UMIST before being appointed as a Lecturer at the University of Manchester.

Prof Arturo Reyes-Sandoval

Jenner Institute, University of Oxford

Prof Reyes ongoing research focuses on the development of a novel malaria vaccine against *P. vivax* using recombinant viral vectors expressing pre-erythrocytic antigens.

Thursday 16th June

19:30 - 21:00

Poster Session & Reception

Holyrood (Thomson's Land)

POSTER PRESENTERS

Carlos A. Gracida Juarez
University of Bristol

Rosinda Fuentes Pineda
University of Edinburgh

Veronica Garcia
University of Glasgow

Abril Herrera
University College London

Carlos García Cueva
London School of Economics

Tania Fernanda Castillo
University of Bristol

Victor Rodrigo Ibarra
University of Glasgow

Monica M. De Icaza
University of Edinburgh

Veronica Garcia
University of Glasgow

Rodolfo Ivan Garcia
University of Glasgow

Ciro Lopez
University College London

Marco Antonio Becerra
University of Birmingham

María Berenice Martínez
Universidad Nacional Autonoma
de Mexico
Eric Gerardo Rodriguez
Université François Rabelais

Martin Lima
University of Leeds

Carolina Soto Palma
University College London

Maria Torres Pinedo
University College London

Friday 17th June

09:30 - 11:10

Parallel Sessions

George Square Area

Session 1 (BLT Doorway 6, Medical School, Teviot Place)		
Biology		
09:30-09:50	Ricardo Granados University of Edinburgh	Optimizing drought-resistant hybrids using somatic embryogenesis in Zea mays L.
09:50-10:10	Yanaina Chavez University of Bristol	Elucidating the mechanisms of effective physical activity prehabilitation interventions including behaviour change techniques in chronic-disease elective surgery patients
10:10-10:30	Eduardo Enseldo University of Edinburgh	Patient safety incidents in ambulatory dentistry: preliminary findings from a mixed-method study.
10:30-10:50	Jorge Jaramillo University of Cambridge	What are the main dimensions to reform the Mexican Public Healthcare System as a Sectorial Innovation System?

Session 2 (Sydney Smith LT Doorway 1, Medical School, Teviot Place)

Informatics and Modelling

09:30-09:50	Rafael Prieto Curiel University College London	The Mathematics of Traffic Jams
09:50-10:10	Marco Antonio Becerra University of Birmingham	Prediction of principal functional domains of Mannheimia haemolytica neuraminidase NanH
10:10-10:30	Pablo Puente Guillen University of Leeds	Predicting sleepiness in driving through Machine Learning Algorithms
10:30-10:50	Miguel Xochicale University of Birmingham	Measuring the Movement Variability Using Wearable Sensors
10:50-11:10	Alicia Nahmad Vazquez Cardiff University	A framework for symbiotic agencies in robotic aided fabrication

Session 3 (Seminar Room 4, Chrystal MacMillan Building)

Economics

09:30-09:50	Aida Garcia Lazaro University of York	The assessment of Macroprudential Policies in a Small Open Economy: A DSGE Model
09:50-10:10	Gustavo Iriarte University of Sussex	How does violence affect wages? an analysis for Mexico
10:10-10:30	Aldo Elizalde University of Glasgow	Pre-Colonial Institutions, Ethnic Homelands, and Economic Development in Latin America
10:30-10:50	Jose Alfredo Miranda Universidad Autonoma de Chapingo	Social capital and the attitude toward economic conditions within productivity in rural areas.
10:50-11:10	Blanca Guizar University of York	Volatility Spillovers across the Ethanol, Corn and Oil Markets

Session 4 (Seminar Room 5, Chrystal MacMillan Building)

Humanities and Social Sciences

09:30-09:50	Ana Gabriela Rincon Universidad Autonoma del Estado de Mexico	Matlatzinca corn: gender and family in agricultural practices.
09:50-10:10	Graciela Arizmendi University of Southampton	Listening through a genre-based approach using narrative texts
10:10-10:30	Luis Alberto Hernandez University of London	Mexico's Classical Revolution
10:30-10:50	Isabelle Gribomont University of St. Andrews	"Disculpen las molestias, esto es una revolución": Humour in the Subcomandante Marcos' discourse.

Session 5 (Seminar Room 6, Chrystal MacMillan Building)

Medical Physics - Roundtable

09:50-10:10	Natalia Campos Rivera University of Glasgow	Perspective and Reality of Medical Diagnosis in Mexico: Cancer and Diabetes
10:10-10:30	Mariana Cendejas University of Glasgow	Perspective and realities of Cancer Diagnostic in Mexico
10:30-10:50	Jose Luis Flores University of Glasgow	Biomarkers for cardiometabolic disease. Should we take a step back?
10:50-11:10	Victor Rodrigo Ibarra University of Glasgow	Point-Of-Care Diagnostics in Diabetes type 2

11:10 - 11:30

Break

11:30 - 12:30

Partnerships between Mexico and the UK facilitated by the British Council

(Lecture Theatre 183, Old College)

Mr Callum Aitken

Project Manager Newton Fund. British Council
Scotland

12:30 - 13:30

Lunch

(Teviot Row House)

13:30 - 15:30

CONACyT: Innovation Policy, Mexican students in the UK and Research Centres in Mexico and Innovation

(Lecture Theatre 183, Old College)

MBA Pablo Rojo Calzada

Director of Scholarships at CONACyT
Master in Business Administration and Public
Policy, Institut d'Etudes Politiques de Paris
(France)

Friday 17th June

Dr Elder de la Rosa Cruz

Head Researcher at Centro de Investigaciones en Óptica (CIO)

Dr Oliverio Santiago Rodriguez

Centro de Investigacion en Quimica Aplicada
Director

Dr Agustin Escobar Latapi

Professor at CIESAS Occidente

15:30 - 16:00

Break

16:00 - 17:00

Linking academia-industry to contribute to business innovation processes: the Mexican experience

Videoconference (Lecture Theatre 183, Old College)

Dr Gabriela Dutrénit

Researcher at the Autonomous Metropolitan University, Mexico City, since 1985, coordinator.

17:00 - 18:30

Mexico through the eyes of the UK
(Lecture Theatre 183, Old College)

Prof Chris Harris

University of Liverpool

Prof Will Fowler

University of St Andrews

18:30 - 19:00

MexSoc AGM (Lecture Theatre 183, Old College)

15:30 - 16:00

Ceilidh (Debating Hall, Teviot Row House)

Saturday 18th June

09:30 - 11:10

Parallel Sessions
George Square Area

Session 1 (G.01 50 George Square)

Biology

09:30-09:50	Marisol Ochoa Villareal University of Edinburgh	Identification of transcription factors to increase paclitaxel production
09:50-10:10	Itzel Condado Morales University of Cambridge	Biophysical studies for protein aggregation studies
10:10-10:30	Omar Rafael Regalado University College London	Building a new and near-comprehensive phylogeny of basal sauropodomorph dinosaurs
10:30-10:50	Luis Montano University of Edinburgh	Preparing for the fall: How cells distinguish rising from falling sugar signals
10:50-11:10	Yair A. Gutierrez Fosado University of Edinburgh	Coarse-Grained Modelling of DNA

Session 2 (G.02 50 George Square)

Geography and Agriculture

09:30-09:50	Iskra Mejia Estrada University of Bristol	Numerical modelling of flash floods in urban areas
09:50-10:10	Ana Cabrero Pacheco University of Leeds	Primitive Accumulation in Indigenous Mexico: the Contested Transformation of Land, Livelihoods and Identity in the Maya Solar of Yucatán
10:10-10:30	Arely Cruz Santiago Durham University	Citizen-Led Forensics: How Mexicans are leading the search for the disappeared
10:30-10:50	Abril Herrera University College London	Urban Technologies in rural contexts: Internet & Social Performance in Cornish Communities
10:50-11:10	Pedro Noe Paredes University of Bristol	Radar correction techniques and raingauges climate-correlated quality-control on dual polarization radar calibration.

Session 3 (G.05 50 George Square)

Political Sciences

09:30-09:50	Martin Lima Velazquez University of Leeds	An analysis of the effects of no-fault divorces on women participation in labour markets in Mexico
09:50-10:10	Francisco Garcia ITESM CEM	Energy and Anticorruption Agendas in Mexico: A Marriage of Convenience
10:10-10:30	Zaira Alejandra Magaña University of Bristol	Educational policy in Mexico: a transaction process from International Organizations to the school
10:30-10:50	Carlos Arellano University of York	Toleration as indifference: exploring "the new Jerusalem"

Saturday 18th June

Session 4 (G.06 50 George Square)

Social Sciences

09:30-09:50	Barbara Ibinarriaga University of Cardiff	Does mindfulness reduce the dissonance between what we think and what we do? An experiment
09:50-10:10	Salvador Perez University of Vienna	Visual typographical educational systems as a medium of communication in México: a proposal from the theory of Otto Neurath ISOTYPE
10:10-10:30	Monica M de Icaza University of Edinburgh	The Edinburgh Cognitive and Behavioural ALS Screen (ECAS); the effect of age, education, and IQ.
10:30-10:50	Hervin Fernandez University of Leeds	Social Structures of the Past in the Digital Era: Applying Political and Relational Sociology to the Study of Medieval Charters
10:50-11:10	Grissel Astrid del Angel Universidad de Guanajuato	The right to health information and cultural diversity . Targeted public policies

Session 5 (2.03 50 George Square)

Humanities

09:30-09:50	Ernesto Vargas University of Warwick	Why "Sorry" is not enough. English Language Teaching in Mexico
09:50-10:10	Ruby Zajac University of Cambridge	Todos somos Ayotzinapa: Community in the Protest Art Against Forced Disappearances in Mexico
10:10-10:30	Alejandro Moreno University of Glasgow	Residential Indoor Air Quality in Mexico City
10:30-10:50	Andrea Gonzalez New York State University	Churches of Buffalo

11:10 - 11:30

Break

09:30 - 11:10

Parallel Sessions
George Square Area

Session 1 (G.01 50 George Square)

Neuroscience

11:30-11:50	Citlali Helenes Gonzalez University College London	Bio-electrospray: a tool for neural tissue engineering
11:50-12:10	Karla L Robles Lopez University of Sheffield	The role of TIGAR in Parkinson's Disease
12:10-12:30	Lucia Magis-Weinberg University College London	Motivation and cognitive control in adolescents and adults: an fMRI study

Saturday 18th June

Session 2 (G.02 50 George Square)

Physics

11:30-11:50	Ricardo Chavez Murillo University of Cambridge	Constraining the Dark Energy Equation of State with HII Galaxies
11:50-12:10	Teresita Suarez Noguez University College London	Baryons in the Universe: intergalactic clouds of neutral hydrogen
12:10-12:30	Jaime Salcido University of Durham	Music from the heavens - Gravitational waves from supermassive black hole mergers in the EAGLE simulations
12:30-12:50	Andres Luna Godoy University of Glasgow	From nuclear science to black holes (in one step)

Session 3 (G.05 50 George Square)

Law

11:30-11:50	Maria Berenice Martinez Universidad Nacional Autonoma de Mexico	The trademark as the legal totem of the modern era
11:50-12:10	David Perez Esparza University College London	Firearms trafficking: a concentration analysis of illegal availability of guns across Mexican states
12:10-12:30	Ana Paula Rumualdo University of Edinburgh	Post-Mortem Access to Email Accounts: Are the Current Options in the UK and the US fair for All Stakeholders?

Session 4 (G.06 50 George Square)

Humanities

11:30-11:50	Claudia Linan Segura University of East Anglia	Understanding how educational aspirations are shaped amongst marginalized Mexican Youth: Navigating the path to higher education
11:50-12:10	Juan Carlos Garcia Cruz Universidad del Pais Vasco	The Social Appropriation of Science, Technology and Innovation (SASTI) through social innovation networks: an analysis of epistemic practices in MCC
12:10-12:30	Jonathan Escobar University of Sheffield	Contemporary Nahuatl writing practices: investigating convergence in a continuum
12:30-12:50	Xenia Anaid Rueda Universidad del Pais Vasco	From Communication of Science, Technology and Innovation (STI) to Social Appropriation of Science, Technology and Innovation (SASTI) in Mexico

Session 5 (2.03 50 George Square)

Biology

11:30-11:50	Priscilla Carrillo University of Newcastle	Using the power of microbial diversity to produce ethanol from waste.
11:50-12:10	Uriel Urquiza University of Edinburgh	Absolute units at the transcriptional level for cracking our understanding of circadian regulation in Arabidopsis
12:10-12:30	Carolina Soto Palma University College London	Epigenetics and ageing
12:30-12:50	Roman Ulises Zapien University College London	The evolution of ecological niche with & without mutualism

Saturday 18th June

12:50 - 14:00

Lunch

14:00 - 14:30

Philosophy of Knowledge

(LY 50 George Square)

Dr Luis Duran Arenas

Director of the Centre for Mexican Studies
King's College London

14:30 - 15:30

The Lucifer effect against the San Jorge effect: an approach to corruption in the legal institutions from the perspective of legal constructivism.

(LY 50 George Square)

Dr Enrique Cáceres Nieto

Dr Cáceres received a Law degree PhD awarded Magna Cum Laude from the National Autonomous University of Mexico (UNAM)

15:30 - 16:00

Closing Ceremony

Organising Committee

Samuel Casasola Zamora
Cultural Officer MexSOC UK
Technical Officer

Efraín Zarazúa Arvízu
President MexSOC UoE
Administrative Officer

Alvaro de Obeso Fernández del Valle
Strategy Officer
